

English debating society

The objective of the Revolutionists Debating Society is to offer a safe environment where highly motivated and diligent students can undergo the best possible debate experience. It is our endeavour to create a space that allows healthy discourse and subsequently a multiplicity of narratives regarding different topics.

We aim to teach top-notch strategic and critical thinking skills, cognitive ability to perceive various arguments, structured case building and to mould our members into successful debaters. These pedagogical objectives subsequently produce a competitive side to the activity. We strive to create an environment that enables members to have healthy competition and also learn to work in a team.

The English Debating Society of Shaheed Bhagat Singh, has attained great level of excellence in the last academic session (2018-19), reaching the finals at NLU Jodhpur Parliamentary Debate, Semi-finals of IITD and JDMC Parliamentary Debate and Quarter Finals of Debates across Delhi University. Further our teams members have received positions in the top 10 speakers list at over 12 tournaments all over Delhi University. Our students, have also participated as adjudicators at various national Debates, making a meritorious name for the institution. The aim of the English Debating Society, as our name suggests, is to keep the Revolution of discourse alive, in the youth of today.
